PROFILE

I am a hardworking and motivated individual interested in mechanical, electrical, and aviation fields. I studied Electrical and Electronics Technology at the ordinary level and gained basic knowledge and practical experience through small projects. I am eager to learn more and build my career in the technical field.

TECHNICAL EXPERIENCE

- Electronic Circuit Repair – Experienced in electronic circuit troubleshooting, SMD board repair, component-level testing, soldering, and chip-level repair of electronic devices.
- Electrical Wiring and Installation – Experience in residential electrical wiring, single-phase and three-phase electrical systems, distribution board (DB) installation, IoT-based smart switch integration, wireless switch applications, and electrical troubleshooting.
- Machine Repair and Maintenance – Performed diagnosis, repair, and maintenance of electrical and mechanical equipment.
- Welding and Fabrication – Skilled in basic welding and fabrication work for mechanical structures and repair applications.
- CCTV Installation – Installed and configured CCTV surveillance systems for residential applications.
- Plumbing Works – Assisted in household plumbing installation and maintenance projects
- Vehicle Automation – Basic knowledge of vehicle automation systems, including electronic control concepts, sensors, actuators, and automotive electrical systems.

SCHOOL LEVEL PROJECTS

- Automatic Call-Activated Home Lighting System.
- Automatic Clothes Drying rain alert System
- Water Tank Level Indicator System

EDUCATION

B.Sc. in Science and Technology (October 2024 – Present)

Uva Wellassa University, Faculty of Applied Sciences | 2nd Year | Medium: English

G.C.E ADVANCED LEVEL 2022/2023

B2C ,Zscore 0.9749 [Physical science]

G.C.E ORDINARY LEVEL 2019

3A4B2C(electrical & electronic tech)

SKILLS

Microsoft Office Suite

c programing

basic in autocad,sketchup

Drawing

Chip level programming
